## QUARTERLY NEWSLETTER

### NEW HORIZONS PROGRAMME - JANUARY TO MARCH 2010

We're delighted to enclose the programme for January to March 2010 which we believe continues the high standard that we have set and there really should be something for almost everyone as the range of topics covered this coming quarter is quite exceptional with some excellent speakers and presentations including a couple of speakers who will be new to you.

We'd once again like to genuinely and sincerely thank you all for your continued support, and in particular to the many people who regularly travel a fair distance to be with us - it really is appreciated. Attendances continue to rise and 2009 was 41% up on 2008, which is quite amazing as previously 2008 was a massive 93% up on 2007. We keep getting busier & the atmosphere just keeps getting better and better.

Presentations this quarter are by: - **Anthony Beckett** "the Only Swine Flu Survival Guide You'll Ever Need", **David Boyle** "The Crown Chakra: The Thousand Leaf Clover", **Michael Hallam** "Self Development And Global Responsibility", **Navid Masud** "The Beginning Of The Lie", **Dave Starbuck** "Not A Lot Of People Know That", **Ian R Crane** "The Green Agenda And Population Reduction", **Tony Gosling** "The Illuminati And Religion", **Andrew Johnson** "Crop Circles: A Mystery In The Fields" and all the way from the US **Anthony J Hilder** "The E.U. - Hitler's Dream Come True". In view of what is going on in the world at the moment, there's also a couple of exceptional "Big Screen Film Nights" - "**Fall Of The Republic**" and "**Endgame: Blueprint For Global Enslavement**" both of which are certainly not to be missed and give well proven essential information which comes across really powerfully on our 8 foot wide screen.

As many of you know we've been making DVD recordings of quite a few of our excellent presentations, also interviewing some of the presenters, which we've been selling at £5 each. This has enabled us to pay speakers a bit more (as many of the longer distance speakers were originally coming just for minimal expenses), keep up to date with new equipment and also make two £100 donations to John Harris (TPUC) [www.tpuc.org](http://www.tpuc.org) and one £100 donation to Brian Gerrish (The UK Column) [www.ukcolumn.org](http://www.ukcolumn.org). We've now included a "Shopping Basket" on our website & a list of the DVDs that are available so that people can purchase them online. You'll also find enclosed a "Mail Order DVD List" along with an "Order Form" which will be very useful particularly for people with no internet access or who do not like making payments online.

The increased attendances and the sale of DVDs also helped finance the FREE Christmas Buffet where we made a real effort with some top quality food which went down really well.

Bring a friend - many of your friends and contacts must be wakening up now with everything that's going on in the world. There'll never be a better time to introduce them to the wealth of fascinating and interesting talks and essential information that we have at New Horizons. Where else can you get a great night out amongst like minded knowledgeable people, get great information, get free refreshments and also be entertained all for only £3.

We really do look forward to seeing you all at New Horizons where you can catch up with a lot of old friends and certainly make some new ones.

Best wishes from all the team - Chrissy, Jen, Rob, James (P) and James (S)
