NEW HORIZONS PROGRAMME - JANUARY TO MARCH 2012

We're delighted to enclose our quarterly programme for January to March 2012.

Attendances continue to rise when compared with last year. The average attendance is now 61 people compared with 53 for last year (to Monday 21st November). That's a 15% increase, and we would like to genuinely and sincerely thank you all for your continued support and for your enthusiasm and the way that you make new people very welcome, and in particular to the many people who regularly travel a fair distance to be with us, it really is appreciated. The positive atmosphere that you create when it's a busy night can be absolutely electric.

It does inspire us to try and get better and better speakers and this quarter we've managed to get some exceptional speakers and presentations including four remarkable new speakers. Presentations this quarter are by: - **Brian Halliwell "The Philadelphia Experiment: The Story Behind The Invisibility Project"**, **Kathy Rowan-Drewitt "The Magic Of The Qabalah"**, **Richard Hoyle "Denial Of The Bosnian Pyramids: Biggest Hoax In History"**, **Magnus Mulliner "Health Is A Choice: How To Prevent And Reverse All Chronic Diseases"**, **Kevin Boyle "No One To Vote For"**, **Navid Masud "Human Farming: The Story Of Your Enslavement"**, **Charles Farrier "The Surveillance State Exposed 2012"**, **Nick Marchmont "Sacred Geometry Revisited: A Study Of The Principles And Growth Of Form"**, **Phil Medley "This Species Has Amused Itself To Death"**, **Tony Green "The Art Of Social Control Through Social Conditioning And Indoctrination"** and **Tony Topping "Aliens & UFOs: A Truth Warriors Guide"**.

Eliminate Care Home Expenses - We've obtained a book which details how to stop your property (or your parents property) having to be sold to fund care home expenses later in life. We have included a PDF of it on our web site so it can be downloaded and printed quite easily. It is certainly worth studying and taking the appropriate action to stop this distressing scam happening to you or your family. It's better to be well informed and consequently well prepared in advance rather than having to deal with it at a time of great weakness.

Bring a friend - many of your friends and contacts must be wakening up now with everything that's going on in the world particularly all of the financial turmoil. There'll never be a better time to introduce them to the wealth of fascinating and interesting talks and essential information that we have at New Horizons. Where else can you get a great night out amongst like minded knowledgeable people, get great information, get free refreshments and also be entertained and informed all for only £3. The world in general can be a particularly unfriendly place at this moment in time and a lot of people have simply retreated into their houses and never go out. Please make the effort to get your friends interested and bring them along.

We really do look forward to seeing you all at New Horizons where you can catch up with a lot of old friends and certainly make some new ones.

Best wishes from all the team - Chrissy, Jen, Rob, and James
