JULY 2010

QUARTERLY NEWSLETTER

NEW HORIZONS PROGRAMME - JULY TO SEPTEMBER 2010

We're delighted to issue the new programme for July to September 2010. We've got seven new speakers in this coming quarter. We are trying hard to maintain the high standard that we have set and there really should be something for almost everyone as the range of topics covered this coming quarter is quite exceptional with some excellent speakers and presentations. Attendances continue to rise and are up by 10.4% on the same period last year.

We again like to genuinely and sincerely thank you all for your continued support and for your enthusiasm and the way that you make new people very welcome, and in particular to the many people who regularly travel a fair distance to be with us, it really is appreciated.

Presentations this quarter are by: - **Neil Williams** "[The Link Between Diet And Cancer](#)", **Abdun Nur** "[A World In Chaos To A Community At Peace: The Attainable Solutions](#)", **Jack and Anne Stewart** "[Reclaim Your Spiritual Power: Becoming Fearless And Free](#)", **Peter Watson** "[The Supernatural And Children](#)", **Mark W Foster** "[Outside The Box, Is That Your Destiny?](#)", **Nick Marchant** "[Sacred Geometry: An Illustrated Introduction To The Principles And Growth Of Form](#)", **Ian R Crane** "[History Cannot Be Permanently Falsified](#)", **Albert Burgess** "[The English Constitution And Treason At The Highest Levels Of Government](#)", **Tony Topping** "[Encounters With UFOs & The UFO Secret Police Maintaining The Silence](#)" and **Anthony Murray** "[Mind Control: Psychological Operations and Predictive Programming](#)". That includes seven cracking new speakers to come and see.

"NEW" - OPEN MIC. NIGHT - Following extremely successful Open Microphone Nights at other venues around the country we are going to try it out on Monday 4th October 2010. From talking to people at the intervals etc. we know that many members of our audience have a staggering amount of knowledge about their own special subjects which really interest them, and whilst doing a two hour presentation can be daunting, a short talk is much more relaxed. We will follow the common format where each speaker will have 20 minutes to present on a topic of their choice followed by 10 minutes of questions & answers. We only need three or four speakers to make this successful, so get your name down now if you have something you want to share or discuss. Please put your name and subject title forward to James or Jen.

If there's a good speaker from **"[anywhere in the UK](#)"** that you would like to see at New Horizons, please let us know & we'll check them out as we really appreciate recommendations.

Please try and bring a friend, they'll be forever grateful to you. Due to what's now going on in the World many people now know that something serious is wrong but can't piece it all together and have simply retreated into their houses and hardly go out - do them a favour, have a chat with them and bring them along or give them a copy of the programme - where else can you get a great night out amongst like minded knowledgeable people, get great information & also be entertained all for only £3 - you really could change their life for the better.

We really do look forward to seeing you all at New Horizons where you can catch up with a lot of old friends and certainly make some new ones.

Best wishes from all the team - Chrissy, Jen, Rob, James (P) and James (S)
