## QUARTERLY NEWSLETTER

### NEW HORIZONS PROGRAMME - OCTOBER TO DECEMBER 2008

Hope you're all well. We're delighted to enclose the programme for October, November and December 2008 which we believe continues the high standard that we have set and there should be something there for everyone.

Attendances are still well up on last year and up to Monday 22nd September 2008 are up by over 83% on last year, so if you haven't been for a while, come on down and you'll also find loads of interesting people to talk to as well as a fascinating mix of topics covered in our presentations. There were a staggering 44 people who attended Phil Medley's presentation last week (22nd Sep). Phil was great and the atmosphere was absolutely electric.

I'm pleased to say that we're now able to attract quite a few big venue high profile speakers from all over the UK. In this coming quarter we've got Tony Golsing from Bristol, Andrew Johnson from the Midlands, Nick Kollerstrom from London, Brian Gerrish from Plymouth and Terry Boardman from the West Midlands as well as some great local speakers.

Now that we've got an 8 foot wide drop down projector screen & have just bought our own projector this week (no need to borrow James's one now) we're continuing with our once a month "Big Screen Film Night" so that we can cover essential topics where it is really difficult to obtain a live speaker. With the big loudspeakers plugged in it's definitely a "Cinema Quality" experience. The next one on 20th October is "The Secret" which we thought would give us all a really positive feel good night.

We'd be really pleased if you would copy the programme to your friends & contacts, and tell them about the wealth of fascinating and interesting talks and essential information that we have at New Horizons. Why not bring them along with you. You could also get a copy of the current months programme in your local newsagents window, your local library notice board etc. Remember, it's your group too. If there's a good speaker that you would like to see at New Horizons, remember to let us know and we'll check them out.

**"No-one can stop an idea whose time has come"** - a great awakening is now taking place and this is the time to introduce your friends to all the Mind Body and Spirit, Hidden News & Alternative Health information that they may once have been sceptical about. Entice them along by showing them the programme - where else can you get a great night out amongst like minded people for only £3.

We really do look forward to seeing you all at New Horizons where you can catch up with a lot of old friends and certainly make some new ones.

Best wishes from all the team - Chrissy, Jen, Rob, Michael and James.

Note: If you want to be removed from our mailing list simply advise us
